Apartment and Condominium Recycling Guide

Part of being a good neighbor is recycling properly. Success depends on owners, managers and tenants working together to meet local laws.

Property owners or managers are required to provide the following for their tenants:

- Provide containers and subscribe to a sufficient service level for all recyclable materials.
- Provide signage on or near containers describing proper separation of recyclables.
- Provide information to tenants annually and no later than 14 days after they move in.

Residents are required to sort items properly.

- Refer to the inside of this brochure for instructions.

Paints, Solvents, Pesticides

Here's what you can do to make recycling a success at your building.

Property owners or managers

Schedule a free on-site consultation

Fremont's Multi-Family Recycling Coordinator is available to come to your property, assess the site and make recommendations for a successful program. Call 510-657-3500 to schedule.

Request free bins and outreach materials

Republic Services offers indoor containers, posters, recycle bags, signs and stickers at no charge. Place your request at 510-657-3500.

Get your tenants involved

Introduce your community of tenants to the new program with a kick-off event or other form of outreach. Republic Services' Recycling Coordinator is available to help! Call 510-657-3500.

Residents

Participate in your building's program

Following the instructions in this guide, support your building's waste reduction programs by separating materials properly and keeping recycling areas tidy.

Alert management to problems

If you notice issues such as contamination, overflowing containers, need for new signage etc., notify your property management so problems can be corrected quickly.
