Unpaid invoices are considered late after 30 days of non-payment. Non-payment of billed charges may result in any of the following actions until outstanding charges are paid in full:

1. Temporary cessation of processing of the application;
2. Withholding final action on an application;
3. Cessation of work on all project-related applications and actions including engineering, landscape, building, or planning inspection of the work;
4. A determination that any application has been withdrawn without prejudice and closure of the file;
5. Outstanding invoices being sent to a City designated collection agency; or
6. Withholding of any approval documentation/subsequent processing of applications until full payment is received.

The City reserves the right to offset any shortages in other accounts by the same applicant or billing party. See introduction to Article II, *Planning and Development*, for additional information about the policies and procedures regulating the deposit-based applications.

**II. PLANNING & DEVELOPMENT**

The majority of the Planning & Development application fees are deposit-based. Where identified, deposits must be paid with the submittal of an application. The City's policies and administrative procedures for these deposits are established in City Council Resolution No. 2010-23, *Land Use and Development Service Deposits*, adopted April 13, 2010. Pursuant to this resolution, the deposit amounts are adjusted administratively and are updated from time to time based on the average cost to process the various application types. The deposit amounts below are provided as a convenience to applicants. However, applicants are encouraged to confirm deposit amounts with City staff prior to submittal. City Council Resolution No. 2010-23 (*Land Use and Development Service Deposit* policies) is available for review at: [www.fremont.gov/permit](http://www.fremont.gov/permit).
