SUBJECT: Notice of Determination in Compliance with Section 21152 of the Public Resources Code

State Clearinghouse No. (if submitted to State Clearinghouse): SCH# 2012052059

Project Title: Dumbarton Quarry Reclamation Plan Amendment and Conditional Use Permit Amendment

Project Applicant: Bob McCarrick, Dumbarton Quarry Associates, 11155 Dublin Blvd, Dublin, CA 94568
Phone: (925) 361-1415, Email: bmccarrick@pacificstates.net

Project Location (include county): 9600 Quarry Road, Fremont, Alameda County, CA; APN 537-0851-002-02

Project Description: The project consists of an amendment to an existing and previously approved Reclamation Plan for Dumbarton Quarry, California Mine ID#91-01-0001, and an amendment to Conditional Use Permit U-66-53, to allow the import of an additional four million cubic yards of fill material to create a hill up to 165 feet above mean sea level to more closely resemble pre-mining conditions. The amended Reclamation Plan and Conditional Use Permit allow an increase to the total import of fill material from six million cubic yards to approximately ten million cubic yards. The reclamation project includes fill settlement monitoring, erosion, stormwater, and dust control, during the creation of the hill, and revegetation and final geotechnical review of the hill, once the hill has been created.

To analyze the proposed change to the project, an Addendum to the Mitigated Negative Declaration (MND, SCH# 2012052059) that was adopted by the City of Fremont Planning Commission on September 27, 2012, for the Dumbarton Quarry Reclamation Plan Amendment and associated entitlements, was prepared. In accordance with CEQA and Section 15164 of the CEQA Guidelines, none of the conditions described in CEQA Guidelines Section 15162 calling for the preparation of an EIR or for a subsequent MND have occurred. This is to advise that the City of Fremont Planning Commission adopted an additional Addendum to the Mitigated Negative Declaration and approved the above-described Reclamation Plan Amendment and Conditional Use Permit Amendment on December 13, 2018, and made the determinations enumerated below regarding the project.

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 An Addendum to the previously adopted Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Program [was was not] adopted for this project.
5. A Statement of Overriding Considerations [was was not] adopted for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the Addendum to the Mitigated Negative Declaration is available to the general public at the above address or at <http://www.fremont.gov/430/Environmental-Review>.
