

Thank you for **Thinking Fremont!** Here are some examples of how we can help your business grow in our community.

To learn more about any of these programs contact our office at **510.284.4020** or **econdev@fremont.gov** We will be happy to assist you.

Business Incentives

No Utility User Tax

The City of Fremont does not have Utility User Tax on services such as electricity, gas and water, which saves any business money just by locating in Fremont!

No Construction Tax

The City of Fremont does not assess construction taxes on tenant improvements.

Clean Technology and Biotechnology Business Tax Exemption

If your firm is engaged in the research and development and/or manufacturing of qualified clean technologies or biotechnologies, you may be exempt for up to five years of business license fees.

Impact Fee Reductions

In order to promote development in our community we have reduced development impact fees in certain circumstances. There is currently a 25% reduction for LEED Platinum development projects, a 25% reduction in the City Center, and a 50% reduction in the City's Downtown District.

Impact Fee Deferral and State Community Infrastructure Program (SCIP)

The City now collects impact fees at the time of occupancy, rather than at time of building permit issuance. We also participate in the SCIP program to offer an alternative financing program for these fees, conserving capital during construction.

Foreign Trade Zone

Companies using Fremont's Foreign Trade Zone are able to delay, reduce or eliminate customs duties on imported goods. Merchandise stored, manufactured or assembled within the Zone area is considered to be international commerce.

Site Selection and Streamlined Permitting Assistance

Whether you are looking for your first location, or room to grow, our staff can assist you in finding the right site in Fremont. Once you find the site, our office will serve as your liaison as you go through any permitting process, ensuring the process is as efficient as possible. In addition to this personalized service, we also offer a real estate inventory search feature on **www.ThinkSiliconValley.com**.

Business Resources

Business Appreciation Program

Economic Development staff, along with city leaders, visit with Fremont businesses throughout the year to learn about issues affecting the business climate and how the City can help. It is also an excellent opportunity to educate staff and elected officials about operations and product(s) so we can better serve you on an on-going basis.

Local Business Purchasing Preference

We want to support local firms and provide a preference of 2.5% to Fremont firms that respond to city bid proposals.

Green Business Programs

Fremont partners with various environmental agencies and utilities to offer programs for reducing and preventing waste. Participating businesses may be eligible to receive grants, loans, technical assistance and free product marketing. www.fremont.gov/environment

Small Business Support

Advertising for restaurants, hotels, and retailers in Enjoy Fremont – Restaurant & Hotel Guide and App. Assistance with permit process and external agencies through City's Business Ally. Training and City-sponsored workshops through the Alameda County SBDC. www.acsbdc.org/events2. Score business counseling and training. www.eastbayscore.org

Fremont Chamber of Commerce

This membership organization acts as a lobbyist for business, achieving a positive business and regulatory climate; and serves as a leader in the community as an incubator for leadership development.

www.fremontbusiness.com

Manex Consulting

Manex assists innovative manufacturing businesses to optimize business processes to be competitive in the global environment. www.manexconsulting.com

Industrial Development Bonds

Manufacturing and technology firms may qualify for California's Industrial Development Bond financing, a low-interest financing program for the acquisition of buildings or capital equipment.

www.treasurer.ca.gov/cidfac/idb.asp

Employment Training Panels Funds

This state program provides funds to offset the costs of job training necessary to maintain a competitive workforce and we have helped several Fremont companies successfully obtain these funds. www.etp.ca.gov

Workforce Development

We partner with the Alameda County Workforce Investment Board to provide services such as employment, training, education, and layoff aversion strategies to employers and job seekers. www.acwib.org

Go-Biz – California Governor's Office of Business and Economic Development

The Governor's Office of Business and Economic Development (GO-Biz) is a single point of contact for statewide economic development and job creation efforts. www.business.ca.gov
