Council Staff Report 4811 Defund Projects

I am unable to attend the meeting and from the staff report I am unable to determine the extent that this proposal affects the Dusterberry Park. This park was to open this spring and is much needed in this area. I ask that you not defund what is needed to complete this park as expected in Spring 2023. This corner has been in disrepair for years and we finally will have a neighborhood park for the local residents to enjoy. To leave it as is in the middle of completion would not be in the best interest of this city.

Thank You
