

Commercial Waste Collection Services Guide

Fremont businesses are required to keep recyclables like cardboard, paper, bottles, and cans as well as compostables like food scraps, food-soiled paper and plant trimmings out of the landfill. These regulations are intended to conserve natural resources and reduce greenhouse gases.

Mandatory Recycling and Composting

To be in compliance with the State and local regulations, all businesses must:

- Have Recycle service
- Have Compost service
- Subscribe to sufficient size and frequency of Recycle and Compost services
- Set up proper indoor bins and signage
- Properly separate materials

See details inside.

Recycle

Reciclaje | 回收

Paper & Cardboard

Aluminum Foil & Trays (rinsed clean)

Metal Cans (rinsed clean)

Glass Bottles & Jars (rinsed clean)

Plastic Bottles & Containers (rinsed clean)

Maximize success with:
Posters, Signs & Decals

What's Required

- Subscribe to 3 services at sufficient levels: **Landfill**, **Recycle**, and **Compost***
- Place color-coded and labeled **Recycle** and **Compost** bins next to all **Landfill** bins
- Separate all **Recycle**, **Compost**, and **Landfill** items into the appropriate containers
- Educate employees, contractors, and tenants about the law at least annually and check bins periodically to ensure proper sorting
- Certain large, food-generating businesses are required by State and local laws to donate edible food that would otherwise be disposed. For more information on business requirements, go to StopWaste.org/Rules

* Sites with minimal amounts of food scraps, compostable paper, and plant waste may qualify for a compost service waiver. More info: StopWaste.org/Rules
