Dear Mayor and Members of the City Council,

As I read your agenda for the Ceremonial Flag Display for this evening, your staff failed to include Diwali and Lunar New Year as possible holidays to be rotated in observance. As you know both the Indian and Far East Asian population represent almost 70% of the total population of Fremont yet staff does not recognize these two very important holidays in our communities. Both these holidays are widely celebrated throughout Fremont and hold a special significance to the Indian and Far East Asian communities. Please add these two holidays into consideration for when you select your flag rotation.

Thank you,

Dear Mayor and Members of the City Council,

As I read your agenda for the Ceremonial Flag Display for this evening, your staff did not include Diwali and Lunar New Year as possible holidays to be rotated in observance. As you know, both the India and Far East Asian population represent almost 70% of the total population of Fremont. Yet the city staff does not recognize these two very important holidays in our communities.

Both these holidays are widely celebrated throughout Fremont and hold a special significance to the Indian and Far East Asian communities.
