

HOMELESS RESPONSE YEAR IN REVIEW

July 1, 2022 – June 30, 2023

Homeless response is a top priority for the City of Fremont. In an effort to illustrate the level of service required to address the homelessness crisis, the City has developed this data report covering fiscal year 2022–23.

This data reflects the work of multiple City departments and local providers to prevent, respond to, and resolve homelessness in Fremont.

Although this data encompasses much of the work currently dedicated to addressing homelessness in Fremont, it still only represents a portion of the daily services provided by local government and social service agencies.

1,026
estimated individuals counted as experiencing homelessness in Fremont in 2022

223
homeless encampments in Fremont that were cleaned and monitored

PREVENTING & RESOLVING HOMELESSNESS

737
households able to stay in their homes

96
residents moved into stable housing

60
affordable housing units created

RESPONDING TO HOMELESSNESS

Serving Unhoused Residents

584
residents sheltered overnight

10,733
visits to drop-in wellness center

1,676
showers provided by CleanStart mobile hygiene unit

860
loads of laundry washed by CleanStart mobile hygiene unit

Responding to Community

1,285
fire department calls including fire, public safety, and medical assistance

295
dispatches for mental health outreach and encampment response by mobile evaluation team (MET)*

194
service requests reported by community through Fremont App

756
cleanups
409
tons of debris removed

*Please note that this data includes anyone who has experienced a mental health crisis, regardless of their housing status.

NOTABLE CITY INITIATIVES

- Homelessness Response Plan for Fremont, with plan completion expected in 2024
- Housing Element Update to plan more affordable housing for Fremont
- State Homekey Round 3 Application for grant funding to create more affordable housing
