

Brief Description of Draft Plan A-E Characteristics

Draft Plan	Total Deviation*	Initial goal of map	Comment on treatment of neighborhoods	Compactness of districts	(identifies how TODs are divided among districts)	Comment on use of major thoroughfares as boundaries	Federal VRA concerns (total population shares in 2010)	Federal VRA concerns (CVAP and registered voter shares in 2010)
A	9.0%	Respect neighborhoods	Centerville in two districts; Ardenwood and Warm Springs in different districts	D1 and D3 are compact	All but D1 has some portion of a TOD	Major thoroughfares used where possible	D1 26% and D5 23% Asian Indian ancestry; D5 38% Chinese ancestry; D2 20% Hispanic (29% Hispanic + Filipino ancestry)	D1 and D5 have non-Hispanic Asian CVAP majorities. D2 and D6 have the highest Hispanic CVAP and registered voter shares (17-18%)
B	8.7%	Respect neighborhoods	Centerville in three districts; D1 includes all territory west of I-880, plus East Industrial and Warm Springs neighborhoods	Most districts are compact	Each district has at least some portion of a TOD	Major thoroughfares used where possible	D1 29% and D5 23% Asian Indian ancestry; D5 39% Chinese ancestry; D6 24% Hispanic (31% Hispanic + Filipino ancestry)	D1 and D5 have non-Hispanic Asian CVAP majorities. D2 and D6 have the highest Hispanic CVAP and registered voter shares (17-20%)
C	7.1%	Some attention to Business District boundaries as well as to neighborhoods	Most of Centerville and Parkmont in D2; D1 includes all territory west of I-880, plus Northgate neighborhood	Most neighborhoods are kept intact	All but D1 has some portion of a TOD	Most boundaries use major thoroughfares	D1 26% and D5 24% Asian Indian ancestry; D5 33% Chinese ancestry; D6 23% Hispanic (31% Hispanic + Filipino ancestry)	D1 and D5 have non-Hispanic Asian CVAP majorities. D2 and D6 have the highest Hispanic CVAP and registered voter shares (16-19%)
D	8.5%	Respect neighborhoods and divide TODs among districts	Centerville in three districts; Most of Central/Downtown in D4; Ardenwood and Warm Springs neighborhoods are in different districts	Districts less compact because of focus on other criteria	Each district has at least some portion of a TOD	Major thoroughfares used where possible	D1 25% and D5 21% Asian Indian ancestry; D5 34% Chinese ancestry; D3 22% Hispanic (28% Hispanic + Filipino ancestry)	D1 and D5 have non-Hispanic Asian CVAP majorities. D2 and D6 have the highest Hispanic CVAP and registered voter shares (15-18%)
E	8.4%	Most boundaries follow major thoroughfares and respect neighborhoods	Centerville in three districts; D1 includes all territory west of I-880, plus East Industrial and Warm Springs neighborhoods	Clean boundary lines	Each district has at least some portion of a TOD	Most boundaries use major thoroughfares	D1 29% and D3 25% Asian Indian ancestry; D5 39% Chinese ancestry; D2 25% Hispanic (33% Hispanic + Filipino ancestry); D6 24% Hispanic (31% Hispanic + Filipino)	D1 and D5 have non-Hispanic Asian CVAP majorities. D2 and D6 have the highest Hispanic CVAP and registered voter shares (19-20%)

* Plan deviations could be lower if neighborhood boundaries, major thoroughfares, and other criteria are relaxed.
